

It's about originality, it's about designing, it's about creating YOUR story and how you want it told. For Sahil and Damini's fiesta in Cancun, our goal at B3 Event Management was to take their event from imagination to reality through our dedication and diligence. We traveled to Mexico multiple times to find the perfect textures and structures to make sure we create new, unusual and avant-garde designs and concepts. This Gala-Bhana merger is made of three things: their inspiration, our innovation, and flawless execution.

With several independent contractors, collaborations and partnerships, B3E has curated this large scale, bespoke, jaw-dropping and luxurious event, weaving the intricacies of a majestic Indian wedding. Sahil and Damini's event is a blend of heritage with contemporary style. An endless sophisticated dream embodying the spirit of the modern bride. Fresh bold and extra ordinary, your gateway into a luxury Fiesta!
